Subway Premium Basket	53"H x 14"W x 14.5"D	3x-85064	

Purse Rail racks fit any restaurant that has a front counter with a day cover or any restaurant with a standard 4 Inch Purse rail.

The Purse rail attaches to the existing screws on the Day Cover.

Do not drill into the counter.

This new design must be ordered in individual sections. Measure your front counter day cover end to end and then order the appropriate multiple sections needed.
